Dear Mr. Duran:

Insurance Services Office (ISO) has submitted a recommendation concerning your community's Public Protection Classification (PPC). Currently, the Community's Public Protection Classification rating is Class 6/9.

**Insurance Services Office is recommending that the classification be changed to a split Class 4/8B, with an effective date of 12/01/2010.** The recommendation is based on a review of your community performed on 01/25/2010 and does include application of the Texas Addendum.

With a split Class 4/8B, all class-rated properties located within 1000 feet of a fire hydrant and within 5 miles of a fire station will use Class 4. All class-rated properties located farther than 1000 feet of a fire hydrant and within 5 miles of a fire station will use Class 8B.

Public Protection Classifications range from 1 (best) to 10 (worst).

We have reviewed the information provided and believe it is sufficient to grant approval. Enclosed is a PPC Submittal sheet indicating point totals for the major areas associated with the review. We will notify Insurance Services Office of our approval of the recommendation and of the 12/01/2010 effective date.

If you have any questions regarding this change, I may be reached at the address indicated above or by telephone at (512) 305-7941.

*Please make sure all community officials and residents within your district are notified of the new Public Protection Classification rating for your community, and the effective date.*

Sincerely,

  
Jesse James Williams
